

St John the Baptist Church, Needham Market Child Protection Policy

All Employees and Volunteers will work in accordance with Child Protection Policy set out by the Diocese of St Edmundsbury and Ipswich. This information can be found at:

<https://www.cofesuffolk.org/safeguarding-documents>

An Addendum to these policies:

When working with vulnerable people of any age, if an assisted trip to the toilet is necessary, at least one leader must stay with the main group. Two responsible adults will accompany the vulnerable person. They will encourage the person to do as much as possible themselves, before assisting. The dignity of the person is of paramount importance at all times. After the incident, it will be recorded and counter-signed by both leaders present.
